U.S. Manufactured Hand Cleaners & Workshop Wipes - FAQs

Automotive

Which product is the strongest?

All of REMA TIP TOP hand cleaners and Workshop Wipes are effective on their targeted soils. Refer to our **Soil Removal Guide** to select the right product for proper soil removal. The **Soil Removal Guide** is located on page 4 of the **Hand Cleaner Products** brochure.

Do I need to use water with REMA's hand cleaner?

No, all three products can be used without water; you may use water to rinse however, not required.

What is pumice?

Pumice is ground volcanic stone. It is used in hand cleaning products to aid in removing difficult soils. It is also used in many consumer products and in cosmetic creams as an exfoliant. REMA TIP TOP Hand Cleaners contain only finely ground, cosmetic grade American pumice.

What about skin conditioning?

All of REMA TIP TOP's hand cleaners contain a minimum of (6) conditioners and (3) vitamins for advanced skin conditioning.

What does VOC mean?

VOC stands for "Volatile Organic Compounds". The VOC emission levels of various products are being regulated in California and other states and are an important environmental issue. Every REMA TIP TOP hand cleaner is VOC compliant.

What is your hand cleaner guarantee?

All hand cleaners carry a shelf-life guarantee of one year from date of purchase. If questionable product is found, contact REMA TIP TOP's customer service department.

What is your "Dispenser Buddy" (RHC-DIS) guarantee?

Lifetime guarantee against manufacturer defects.
