INDUSTRIAL PRODUCTS

Pulley Lagging • Conveyor Products • Conveyor Belt Repair Material • Wear Protection Lining
Heavy Wear Protection • Corrosion Coatings & Linings • Rubber Linings • Anticaking • Material Handling Hose
Adhesives & Solutions • Splice Kits • Tools For Rubber and Conveyor Belt Work & Equipment
REMA TIP TOP has the most extensive line of cold bond pulley lagging available.

- REMA PERFORMANCE Grip 70 - Premium Pulley Lagging
- REMA PERFORMANCE Grip 70 SL - Premium Strip Lagging
- REMAGRIP - Diamond Lagging
- REMAGRIP CK-X - Ceramic Lagging for constant grip
- REMAGRIP CP-X - Ceramic Lagging for wear resistance
- T-REX - Pulley Lagging
- UNIGRIP SL 250 - Standard Strip Pulley Lagging Material
- UNIGRIP CR-L 385 - Standard Ceramic Pulley Lagging Material

REMA TIP TOP Lagging comes standard with the C/N bonding layer to provide the ultimate adhesion to the pulley face when used with REMA TIP TOP adhesives.

Extended wear life and reduced slippage result in lower maintenance cost and less downtime. REMA TIP TOP can provide a recommendation of which lagging works best for your application.
REMA TIP TOP manufactures a comprehensive range of conveyor accessories to optimize the performance of your conveyor system.

**CONVEYOR BELTS**

**SKIRTING**
- REMASKIRT
- COMBI-SKIRT
- T-REX
- UNISKIRT

**BELT CLEANERS**
- REMACLEAN - T-Bar Scrapers
- REMACLEAN - Green Cab
- REMACLEAN - Grey Cab
- REMACLEAN - Cleaning Brush

**ROLLERS & PULLEYS**
- REMASLEEVE
- REMAROLL
- REMATRACK

**OTHER**
- REMACLEAT
- Edge Wall
- REMASLIDE Impact Slider Bed Bars
- REMASCREEN

**CONVEYOR BELT REPAIR MATERIAL**

REMA TIP TOP repair materials provide solutions for a wide variety of damage to conveyor belts from cover wear to perforations and ply damage.

- Round Repair Patches
  available with or without fabric reinforcement
- Diamond Repair Patches
  available with or without fabric reinforcement
- Repair Strips
  available with or without fabric reinforcement
- REMA GOO - Flexible Conveyor Belt Repair Material
- RG 7000 - For the Quick Cover Repair of Damage to Conveyor Belting
- T2 Repair System
WEAR PROTECTION LINING

REMA TIP TOP manufactures a wide range of wear protection lining products to provide optimum protection for your machinery and equipment to minimize production downtime, reduce maintenance costs and increase productivity.

REMA TIP TOP’s innovative products such as REMALINE 70/CN–PL, REMALINE, REMALINE MAINTENANCE PRO, REMASTAR, UNILINE, REMATHAN, and T-REX 40 Rubber Lining are proven performers in all types of tough applications. Our sales and service teams will work out the best solutions for your company’s specific application.

- REMA Preformance Line - Premium Rubber Lining Material
- REMALINE Rubber Linings - available with a wide variety of hardnesses
- REMASTAR - Polyurethane and rubber wear lining
- UNILINE
- REMATHAN - Polyurethane wear lining
- T-REX
**HEAVY WEAR PROTECTION**

REMA TIP TOP heavy duty wear linings provide a longer wear life in applications with extreme abrasion. REMALOX HD with ceramic tiles provides extreme resistance to sliding abrasion. ZP Profile Bars, KG Profile Bars and Serrated Profile ZP Plates are molded from Isoprene and Butadiene (REMALINE 70) rubber compound that provides excellent abrasion and impact resistance. REMAMILL lining systems are custom engineered to provide the ultimate wear life for ball mills.

- REMALOX
- REMALOX HD
- KG Bars
- ZP Profile Bars
- REMA WEAR Repair
- REMAMILL
- RMS Modular Wear System

**REMAFLON** lining, **REMALEN** lining, and **REMASLIDE** plates ensure protection in most applications where dust or very fine and slightly moist, non-abrasive material prone to buildup has to be conveyed.

- REMAFLON
- REMALEN
- REMASLIDE plates

**MATERIAL HANDLING HOSE**

REMA TIP TOP offers extremely wear resistant hoses ideally suited for lines that see highly abrasive slurries and experience premature fatigue at elbows and bends. Available as flanged or cut end hoses, in sizes from 2” to 36” ID and in lengths up to 50 feet. Both suction and discharge hose styles are available with working pressures up to 150 PSI and maximum temperatures of 180°F

- Fixed Flange
- Split or Swivel Flange
- Cut End Hose
RUBBER LININGS

REMA TIP TOP CHEMOLINE and CHEMONIT corrosion protection systems have been used successfully around the world for many years. These systems cover a wide range of different applications and can be applied on-site or in the workshop to ensure heavy-duty corrosion protection. The CHEMOLINE rubber line includes over 30 different compounds to meet various chemical and corrosion applications.

ON-SITE RUBBER LININGS

• CHEMOLINE—Pre-Vulcanized Soft Rubber Lining
• CHEMOLINE—Self-Vulcanizing Soft Rubber Lining

WORKSHOP RUBBER LININGS

• CHEMOLINE—Non-Vulcanized Soft Rubber Lining
• CHEMONIT—Non-Vulcanized Hard Rubber Lining

CORROSION COATINGS & LININGS

REMA TIP TOP is a global market leader in the corrosion industry, specializing in high performance polymer resin based Coating, Lining and Flooring systems to solve corrosion problems in a wide range of industrial market applications. These systems are designed to provide optimum corrosion protection, ease of application, reduced downtime, and cost effective solutions for long term service. Our polymer resin products are manufactured in Madison, GA by REMA Corrosion Control, a member of REMA TIP TOP NA group of companies. www.remacorrosioncontrol.com

• COROFLAKE - Trowel applied glass flake reinforced linings
• COROFLAKE - Spray and roller applied flake filled coatings/linings
• COROFLAKE MR - Mat reinforced flake filled linings
• COROGARD - Protective coatings/linings
• COROFLOOR - Polymer flooring systems
• TOPLINE - Trowel applied reinforced linings
• RCC LININGS - Mat and resin reinforced laminate linings
• COROFLEX LININGS - High performance crack-bridging systems
ADHESIVES AND RUBBER SOLUTIONS

REMA TIP TOP is the recognized leader in cold vulcanizing cements, cleaning fluids, and repair materials for bonding rubber-to-rubber, rubber-to-fabric, and rubber-to-steel, always guaranteeing the highest adhesive strength. REMA TIP TOP SC2000 and SC4000 cements are renowned in the industry as "best-in-class" from the only manufacturer offering an entire range of cold vulcanized repair options. Convenient repair kits are available and designed specifically for a complete do-it-yourself repair system.

- SC 2000 Black / White
- SC 4000 Black / White
- BC 3004 Blue Cement
- PC-4 Plastic Cement
- Solvents & Primers

SPLICE KITS

REMA TIP TOP Hot and Cold conveyor belt splicing materials have proven their quality all over the world on every style of belting. REMA TIP TOP Cold materials are designed for splicing fabric belts and repairing conveyor belt damage. REMA TIP TOP Hot materials are used successfully on fabric and steel-cable reinforced belting, providing high initial bond strength and proven performance every time.

- Hot Splice Kits
- MSHA Splice Kits
- WK Press and Splice Material
- Filler Rubber
- CN Bonding Rubber

TOOLS FOR RUBBER AND CONVEYOR BELT WORK & EQUIPMENT

REMA TIP TOP offers a wide variety of rubber working hand tools for belt splicing and rubber lining shops together with pneumatic rubber cutting saws, rubber extrusion guns, steel cable belt stripping units and hand-held electric rubber stripping units.

- FS-1 Fabric Splicing Tool Kits
- CR-1, DC-1 and RG-1 Cold Repair Kits
- Rubber Knives
- Buffing Tools
- Rollers & Stitchers
- Combi Strippers
- Steel Cable Strippers
- Hot Vulcanizing Presses
- Rubber Cut Saw
- Extruder Gun
- Re-grooving Tool
REMA TIP TOP Product & Solutions

CONVEYING SOLUTIONS

Pulley Lagging
- PERFORMANCE GRIP 70
- REMAGRIP
- REMAGRIP Ceramic Lagging
- UNIGRIP
- UNILAG
- T-REX

Belt Cleaners
- REMACLEAN - T-Bar Scrapers
- REMACLEAN - Green Combi
- REMACLEAN - Grey Combi
- REMACLEAN - Cleaning Brush

Skirting
- REMASKIRT
- Combi-Skirt
- T-REX
- UNISKIRT

Repair Products
- Repair Patches
- Repair Strips
- REMA G00
- RG 7000
- T-2 Repair System

Other
- Conveyor Belting
- REMACLEAT
- Edge Wall
- Impact Slider Bed Bars
- REMAMILL
- REMASCREEN

Rollers & Pulleys
- REMASLEEVE
- REMAROLL
- REMATRACK

WEAR & CORROSION PROTECTION

Wear Protection Lining
- REMA Performance Line
- REMALINE
- REMASTAR
- UNILINE
- REMATHAN
- T-REX

Heavy Wear Protection
- REMALOX
- REMALOX HD
- KG Bars
- ZP Profile Bars
- REMA WEAR Repair

Corrosion Coatings & Linings
- COROFLAKE
- COROGARD
- COROFLOOR
- TOPLINE
- RCC LININGS
- COROFLEX

Material Handling Hose
- Fixed Flange
- Split or Swivel Flange
- Cut End Hose

ADHESIVES & SOLUTIONS

Cements & Adhesives
- SC 2000 Black / White
- SC 4000 Black / White
- BC 3004 Blue Cement
- PC-4 Plastic Cement

Solutions
- PR 200 Metal Primer
- #13 Cleaning Solvent
- R50 Cleaning Solvent
- TIP TOP Hand Cleaner
- A&B Vulc Compound

Splice Kits
- Hot Splice Kits
- MSHA Splice Kits
- WK Press and Splice Material
- Filler Rubber
- CN Bonding Rubber

Splice Kits
- REMAWRAP Pipe Repair
- OTR Tire Patches

TOOLS & REPAIR

Tools
- Rubber Cut Saw
- Extruder Gun
- Vulcanizing Presses
- Combi Stripper
- Grooving Tool

Other
- REMAWRAP Pipe Repair
- OTR Tire Patches
