## Extruder Guns

### Bosch Mini Extruder

This state-of-the-art extruder gun is equipped with a specially designed "quick-feed" drive.

The new barrel is designed to help scatter the heat and avoids burning risks. It doesn't need any cooling sleeve.

- Light weight design, making it easier to handle

Drill Power	400W
Electric Power	350W - 110V
Max temperature	248°F (120°C)
Weight	7.7lb (3.5 kg)
Rubber production	37.5lb/hr (17kg/hr)

### Bosch OTR Extruder

The new barrel is designed to help scatter the heat and avoids burning risks. It doesn't need any cooling sleeve

- Light weight design, making it easier to handle

Drill Power	750W
Electric Power	800W - 110V
Max temperature	248°F (120°C)
Weight	13.2lb (6 kg)
Rubber production	62lb/hr (28kg/hr)

## Nailhole Extruder Gun

- The Nailhole can be hung on a wall or fixed on a working table. The operator can choose the desired angulation
- The drill and the heater box can also be purchased separately

Drill Power	400W
Electric Power	350W - 110V
Max temperature	248°F (120°C)
Weight	15 lbs (6.8 kg)

Part No	Description
