Rubber Cut RC 414 Regroover 115V

Ergonomic handle design makes working with this tool easier and reduces hand-fatigue. An 8-position heat control modulates cutting intensity resulting in fast and accurate regrooving of Truck or Tractor tires. (Not intended for Passenger vehicle tires).

FEATURES

- Ergonomic design for fatigue-proof regrooving
- 4-step temperature switch on main transformer with MIN/MAX-selector allows 8 heating levels for different cutting speeds
- Automatic overheating cutout according to DIN 30600
- Insulated cutting head
- Greater freedom of movement and easy guiding due to separation of handle and transformer
- Cutting width with FIX regrooving blades 0.118" to 1.102" (3 - 28 mm)
- Prepared for wall mounting
- GS-tested, meets recognized safety standards

Blades are not included.
